

Monfitello

Promoting and facilitating tubes as the preferred food packaging choice

About Us

Differentiate your boutique brands and specialty foods with the affordable luxury of a preferred package. *Lightweight* and *shatterproof*, *compact* and *re-closable*, tubes chill faster and keep their cool longer than either glass or plastic. Your condiments are kept pure and protected from air impurities.

The process is quick and easy.

1. Remove cap or tab 2. Squeeze out contents. 3. Replace cap if required
